

# The Time Machine

Think about these things before looking at the questions in red which you need to write about.

Is this what you thought a time machine would look like? Why/why not?

How does it work?

How long did it take them to build it?

**If you could use a time machine, which period in history would you most like to travel to and why?**

**If you could use a time machine to change an historical event, which would you change and why?**

**If you could use a time machine to meet a person from the past, who would you like to meet? Why? What would you ask them?**

**If you have time, draw your own time machine.**
